Chain Solution

OCEAN FREIGHT

Ocean freight / Sea freight is the most frequently used global mode of transport for importers and exporters, accounting for 90% of all commodities shipped worldwide. Through ocean we can move various dimension, size weight and type of cargo, though transits are longer comparably, but it is one of the most optimal mode of global transportation.

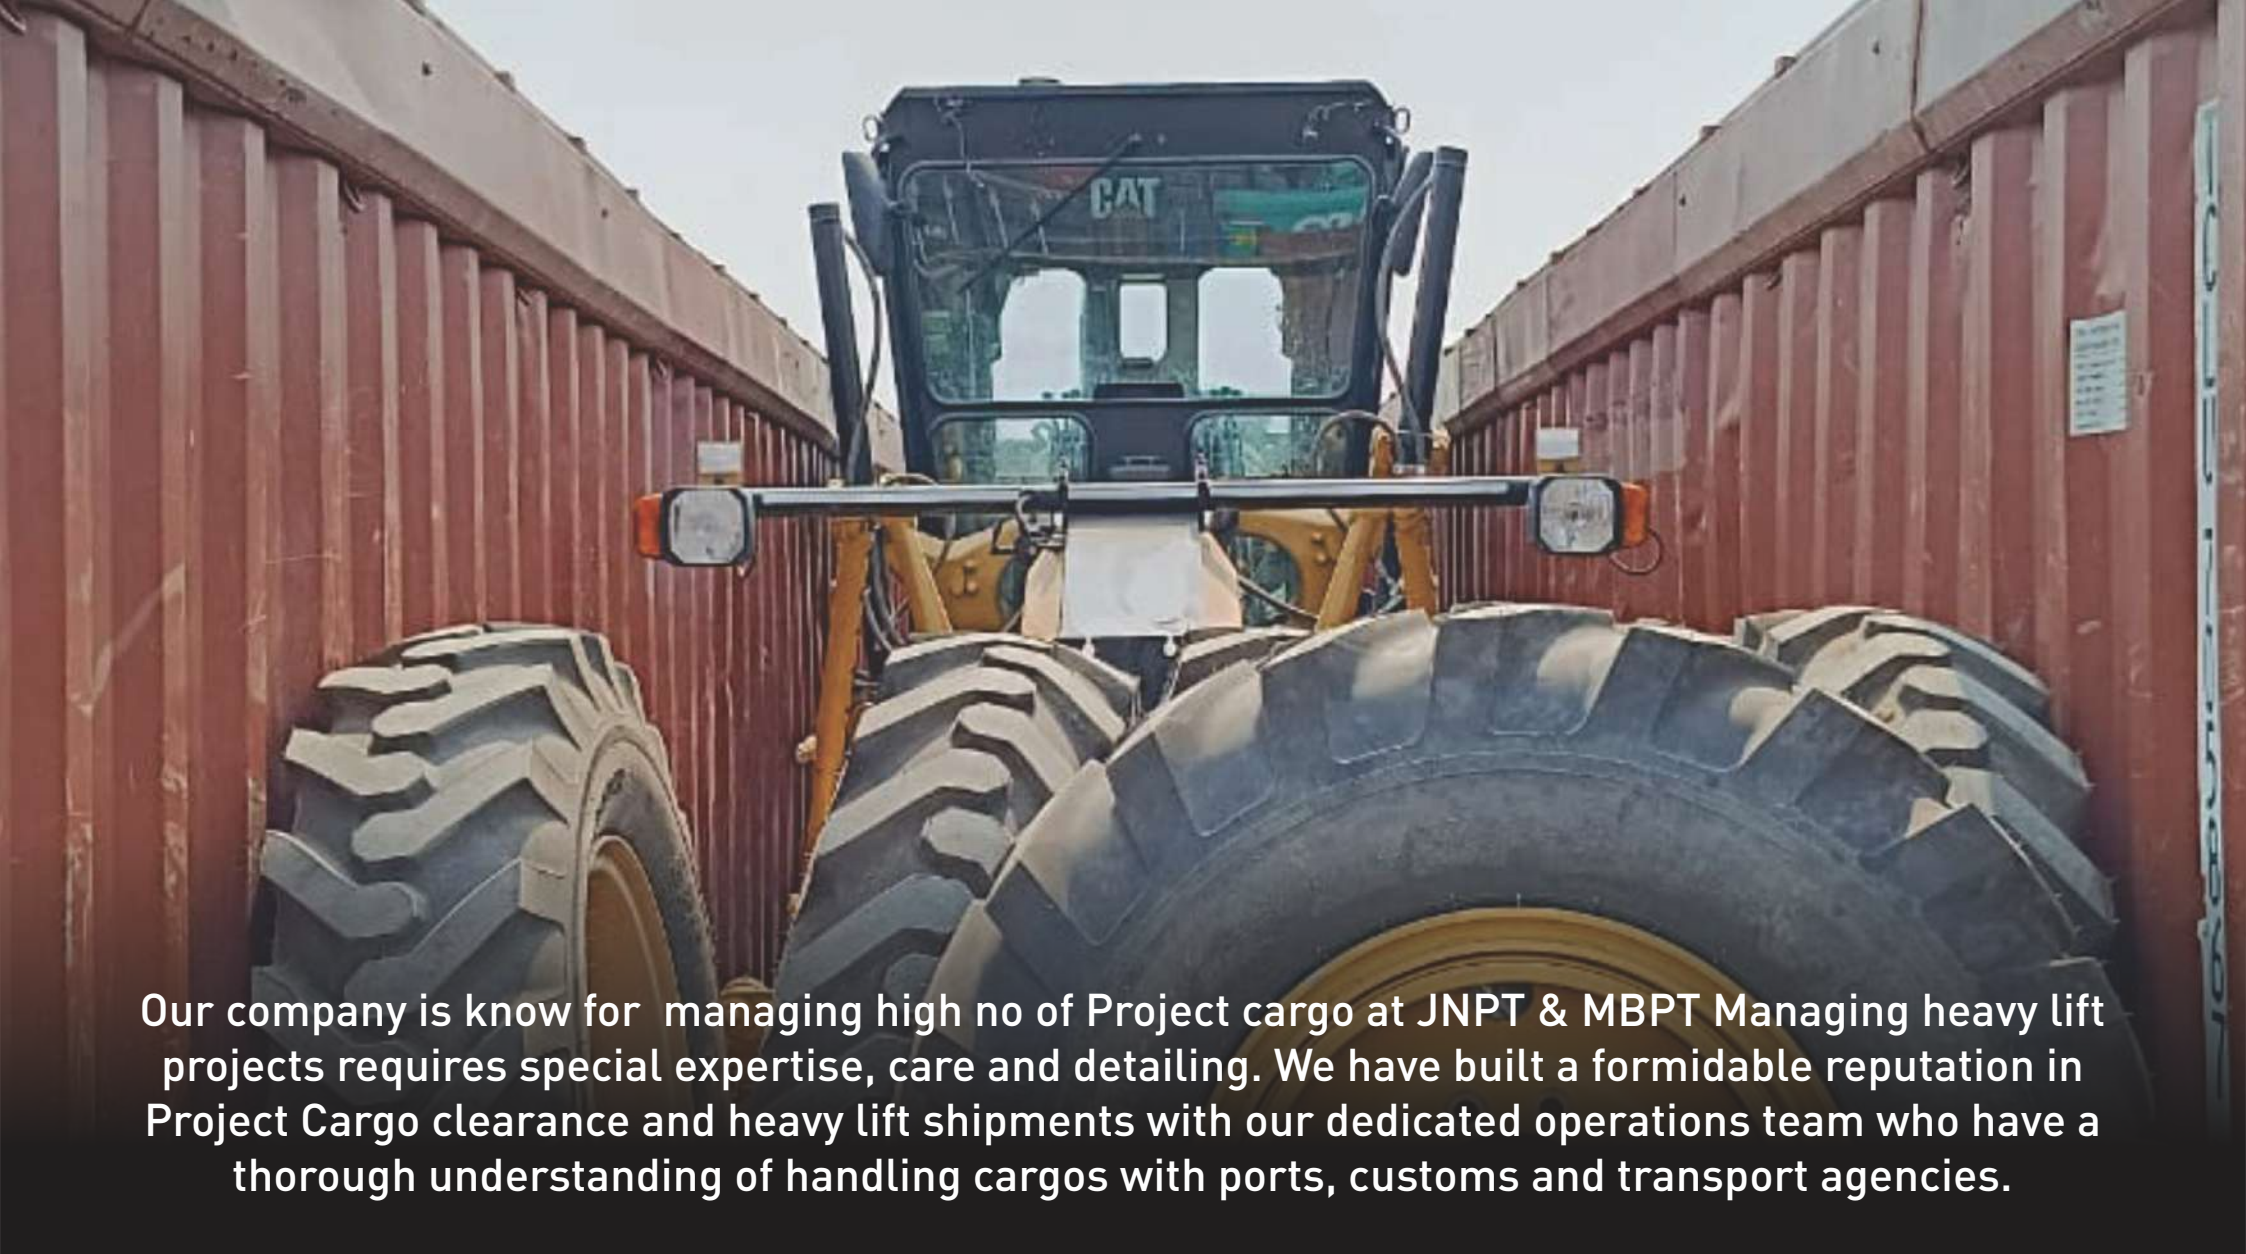

SMTP has a good experience in handling car logistics. We offer professional door-to-door Car Carriers service from and to India.
